Dear Larry:

Too often, we forget to express our appreciation to the very people who make our success possible. At BBCS, we remind ourselves to make a special point to say "Thank You" to the people like you, our valued employers.

For over 100 years, BBCS has successfully offered a wide range of community services by a teaming of caring professionals. You have our pledge to continue this mission of empowerment for the individuals we serve.

"Thank You" for your genuine commitment and support for the employment of people with *disABILITIES*.

Sincerely,

Andrea Francis
